

# The next frontier for innovation, competition, and productivity

## Is your company getting the best value from your data?

**75%** of better performing companies deploy **interactive data visualization solutions** compared to only **41%** in companies with less growth.<sup>1</sup>

Companies that use analytics best are **5X** more likely to make decisions "much faster" than competition.<sup>2</sup>

**58%** list "**accessing relevant, timely or reliable data**" as their organization's biggest impediment to success regarding information management.<sup>3</sup>

For every **\$1** spent on business intelligence yields **\$10.66** ROI.<sup>4</sup>

**B3 Systems** provides actionable information within sight of the people who can use it to benefit your business' current and future performance.
